EDUCATION

Saint Joseph's University   Philadelphia,PA
Bachelor of Arts and Science in Computer Science, Minor in Business, Data Science   *Aug. 2022 – May 2026*

Meta Front-End Developer Professional Certificate (In Progress)   Meta
Certification in Front-End Development   *May 2024 – September 2024*

EXPERIENCE

Software Engineer Fellow   July 2024 – August 2024
HeadStarter AI   *Remote*
- Building 5+ AI apps and APIs using NextJS, OpenAI, Pinecone, and StripeAPI, aiming for 98 percent accuracy as seen by 1000 users.
- Will develop projects from design to deployment, collaborating with 3+ engineering fellows using MVC design patterns.
- Coached by Amazon, Bloomberg, and Capital One engineers on Agile, CI/CD, Git, and microservice patterns.

Student Information Technology Technician   May 2024 – Present
Saint Joseph's University   *Philadelphia,PA*
- Navigate and manage a Microsoft Azure database containing information for over 19,000 students, ensuring accurate data handling and security protocols.
- Conduct routine maintenance and manage inventory for computer labs to ensure optimal functionality.
- Troubleshoot and resolve various computing and user support issues for university-owned and student-owned systems.

STEM Intern   May 2024 – Present
Lavner Education   *Merion Station, PA*
- Develop and simplify programs to make complex concepts accessible and comprehensible for young learners.
- Lead interactive STEM sessions for groups of at least 5 children, focusing on Python, C++, and Java coding languages.
- Employ ChatGPT and machine learning to engage children in AI concepts, fostering foundational understanding.

PROJECTS

Portfolio Website | *Html, CSS, JavaScript*   June 2024 – Present
- Designed and developed a modern, clean portfolio website using HTML, CSS, and JavaScript, showcasing my skills and projects.
- Created a responsive design that adapts seamlessly to various screen sizes and devices, ensuring accessibility for all users
- Implemented smooth animations and transitions to enhance user experience.
- Utilized HTML5UP template to learn and enhance my code.
- Implemented a personal Gallery Section that shows off images I have taken

BookBetter | *Flask, Html, CSS, React, Stripe*   June 2024 – Present
- Facilitates seamless booking of services for clients and customers, ensuring a user-friendly experience.
- Incorporates a comprehensive rating system, allowing users to rate and review services, enhancing trust and transparency.
- Offers a streamlined interface for managing bookings, cancellations, and rescheduling, making it easy for users to navigate.
- Enables secure deposit payments for booking services, providing flexibility and assurance for both service providers and customers.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, HTML/CSS,
Frameworks: React, Node.js, Flask
Developer Tools: Git, VS Code, PyCharm, IntelliJ
Libraries: BootStrap
